# Data Protection Act 1998

The Student Loans Company (SLC) is a Data Controller under the Data Protection Act 1998. We hold information for the purposes specified in our notification to the Information Commissioner including determining eligibility for student finance, assessing the maximum amount of financial support available, payment of student finance and the detection and prevention of fraud, and may use this information for any of these. The Department for Innovation, Universities and Skills (DIUS) is a joint Data Controller for your information.

We may give your information to other organisations including the Local Education Authority (LEA), DIUS, and the university or college for these purposes. We may also get information about you from other organisations. If so, it will only be for the purposes described and as the law permits us to do.

For more detailed information about with whom we share your information and for what purpose, go to [www.studentfinancedirect.co.uk/dataprotection](http://www.studentfinancedirect.co.uk/dataprotection).

### Your decision about Bursary and Scholarship data sharing consent will not affect the student's entitlement to any other financial support available.

If the applicant started their course in academic year 2006/07 or after they may be eligible for a bursary or scholarship. In order for the applicant's university or college to determine and pay any bursary or scholarship to which they may be entitled, we will share some of your personal and financial details with them. 

If you **do not** wish your details to be shared for this purpose, please tick this box.

## Section 2

### General Information

If you think your income (before tax) for the financial year 2008-09 will be at least 15% less than your income for 2007-08 you must still complete this form, but please give brief details of this expected reduction in income on a separate sheet of paper and attach it with this form. You may then be sent another form to complete because it may be possible to have the financial contribution worked out using income details for 2008-09. However, if two parents (or one parent and a step-parent or parent's partner) in the household have their income taken into account, we consider the total of their two incomes together. We can only adjust the financial contribution if their total joint income has fallen by 15% or more. Therefore, it is only if the joint incomes of two parents (or one parent and a step-parent or parent's partner) are likely to fall by 15% or more that details of the expected reduction should be provided.

If there are other students in your household, we may need to ask for further information. This is because the rules which determine whose income we need to consider depend on when the student entered higher education, and there are different rules for students in different years of study. We will not ask for information we do not need.

### Which family members count?

#### **If the student entered higher education before 1 September 2005.**

- The student's natural or adoptive parent; or
- The student's husband, wife or partner, if the student is over 25 and entered higher education in 2000/01 or later.

You are the student's partner if you live together as though you were that person's husband or wife, and are of the opposite sex.

#### **If the student entered higher education on 1 September 2005 or after.**

You are a person's cohabiting partner if you live together as though you were that person's husband, wife or civil partner, whether you are of the same or opposite sex, but are not married or in a civil partnership.

If you cannot show actual amounts for any item, you should provide an estimate and write "(E)" beside the amount on the form.

- a.** Your gross taxable income means your income from salary or wages including overtime, bonuses and commission before deductions in the financial year 2007-08. Normally, this will be the year ending 5 April 2008, but may differ if your employer or business has a tax year which does not end in April.

Please also include any income you received from abroad in the financial year 2007-08 such as from employment overseas, and any other income you get from abroad which is not covered by UK tax as well as any of the benefits asked for.

Please do **not** include any of the following as part of your gross taxable income:

- any personal relief;
- payments under covenant; or
- non-taxable income.

- b.** Benefits in kind means benefits other than money that you get from your employment, and might include a company car, meals, accommodation or private health insurance. Only include benefits on which you must pay tax.

# Support Notes

- c. You should give the details shown on your self-assessment form for your trading year which ends during the period 6 April 2007 to 5 April 2008.
- d. If you have already included your income as a company director as part of your income in question 2a or 2c then do not repeat it again here.
- l. Do not include any regular payments you are making towards a retirement pension provided by your employer.
- n. This includes anything you can claim tax relief on because it is a necessary cost of your employment, for example subscriptions to professional organisations, cost of uniforms and travel expenses. If you are a minister of religion, include here deductions made from your income for tax purposes.

## Section 3

### Academic year start and end dates

The period for which we require financial information in this section is determined by the student's academic year start and end dates.

The first day of the academic year is not necessarily the day on which the student begins that year of their course. It is decided by the period during which their year begins.

The academic year starts on:

- 1 September, if their study begins between 1 August and 31 December inclusive, and ends on 31 August 2009;
- 1 January, if their study begins between 1 January and 31 March inclusive, and ends on 31 December 2009;
- 1 April, if their study begins between 1 April and 30 June inclusive, and ends on 31 March 2010; or
- 1 July, otherwise, and ends on 30 June 2010.

For example, if the student starts their year of study on 4 October 2008, the academic year runs from 1 September 2008 until 31 August 2009 and this is the period of time for which you must provide financial details for any dependents.

## Declaration

If you cannot sign this form, for whatever reason, someone who holds a valid Power of Attorney for you may sign on your behalf. The Power of Attorney letter must be sent with this form before a signature from that Power of Attorney will be accepted.

## Change of circumstances

You must notify the LEA (or SLC where appropriate) about any change in your circumstances, which may affect the applicant's entitlement to financial support. The most common change of circumstances would be if:

- your household income changes; or
- your marital status changes.

## Information about data sharing for bursary and scholarship purposes

Universities and colleges will be offering financial awards such as bursaries or scholarships to their students. To help them administer these awards (i.e. to determine eligibility and entitlement to, and if relevant pay, a bursary or scholarship - "bursary administration purposes") they will ask the Secretary of State, your local authority or Student Loans Company for access to information you provide in connection with this application for student finance (whether on this form or at a later date).

We will share the relevant information with them, unless you indicate that you do not wish us to do so by ticking the box on the declaration. If you **do not** give consent for us to share this information, the payment of any bursary or scholarship to which the student may be entitled will be delayed.
